Dear Sir:

**RESPONSE TO NOTICE TO FILE MISSING PARTS
OF NONPROVISIONAL APPLICATION**

This letter is in reply to the Notice to File Missing Parts of Nonprovisional Application dated 4 March 2008.

This Response is being filed concurrently with a Power of Attorney and Correspondence Address Indication Form.

**RECEIVED
CENTRAL FAX CENTER****MAY 01 2008****REMARKS**

The Notice to File Missing Parts indicates that the applicant submitted a compact disc, but the information contained on the compact disc is not one of the types of information that may be submitted on compact disc. The Notice to File Missing Parts states that the applicant is required to file an amendment to add the information that is on the compact disc to the paper portion of the specification, and cancel any reference and identification of the compact disc in the specification.

The applicant only recently retained the services of a patent agent (an executed Power of Attorney and Correspondence Address Indication Form is being filed with this response) and this application was filed by the applicant/inventor without qualified assistance.

All that the compact disc contains is a copy of the specification. The applicant mistakenly understood that an electronic copy of the specification was required. The compact disc does not contain any information that is not in the paper specification. There is no reference or identification of the compact disc in the specification. Applicant withdraws the compact disc and authorizes the US Patent and Trademark Office to dispose of same as the Office sees fit.

Applicant submits that the withdrawal of the compact disc satisfies the requirements of the Notice To File Missing Parts.

Respectfully submitted,

By: Robert H. Barrigar, Registration No. 26,125
